2. PRESS BUTTON
3. LISTEN TO PROMPTS
4. PRESS BUTTON AGAIN ONCE FLOOR IS READ ALOUD

IMPORTANT INFORMATION

One Call Per Person

Each user swipes their access card so that the elevator calculates how many people will be riding in the car.

Swipe every time you ride.

Floor Designation Confirmation

Floor designation is confirmed in the elevator door jamb (frame).

Changing Floor Selection

If you decide to change your destination after you have already been assigned an elevator, place a second call by swiping your card again at either the kiosk or terminal at the elevator. The system will automatically cancel your first selection and direct you to your second selection.

Returning to Lobby from Upper Floors or Moving from Floor to Floor

Use same procedure using elevator bank terminals.
